# Introduction

Many brigade volunteers ask if speaking fluent Spanish is a requirement to participate in brigades. While it is not a requirement, it is a useful tool that will enhance your brigade experience. The following guide will cover basic Spanish used in triage and in pharmacy—two stations in which Spanish will be used more frequently than in others.

Review this packet in the days leading up to your brigade, go over it in a chapter meeting or print it out and bring it with you on your brigade. Remember, this is meant to be a guide to simple Spanish and it is in no way representative of the range of Spanish you may hear on the brigade.

Enjoy!

# Initial Interaction with Patients

When you first meet community members, you will want to greet them and ask them a few things about their lives to ease them into conversation. In addition, there are some basic commands you will want to know.

Common Greetings and Questions	
Hello	<i>Hola</i>
Good morning, good afternoon, good night	<i>Buenos días, Buenas tardes, Buenas noches</i>
Welcome	<i>Bienvenidos</i>
My name is_____.	<i>Me llamo_____ or Mi nombre es _____.</i>
What is your name?	<i>¿Cómo se llama (usted)?</i>
What is your child's name?	<i>¿Cómo se llama su hijo/hija?</i>
Can you repeat your name please?	<i>¿Puede repetir su nombre?</i>
I do not speak Spanish well, can you please speak slowly?	<i>No hablo Español muy bien, ¿puede hablar despacio por favor?</i>
How old are you?	<i>¿Cuántos años tiene?</i>

Basic Commands	
Sit here, please.	<i>Siéntense aquí por favor.</i>
Stay here, please.	<i>Quédese aquí por favor.</i>
Form a line, please.	<i>Formen una fila por favor.</i>
Wait here, please	<i>Espere aquí por favor.</i>
Repeat that, please.	<i>Repita por favor.</i>
Come with me, please.	<i>Venga conmigo por favor.</i>

Once you break the ice with patients, you can begin to talk to them about patient history, about any allergies to medication, and take their vitals. The following pages will detail common phrases and questions heard in triage. Triage is where your medical Spanish will be used the most.

# Triage: Background Info & Vitals

English	Spanish
Does anyone in your family have a history of high blood pressure, diabetes (known as ‘sugar’ in communities), or any other chronic disease?	<i>¿Hay alguien en su familia que tenga presión alta, diabetes (o azúcar), u otra enfermedad crónica?</i>
Literally translates to ‘does any type of medication cause you harm?’ Although, this should be used to ask if they are allergic to any type of medication.	<i>¿Le hace daño algun tipo de medicamento?</i>
Can I weigh you?	<i>¿Puedo tomar su peso?</i>
Can I take your height?	<i>¿Puedo tomar su altura?</i>
I’m going to take your temperature.	<i>Voy a tomar su temperatura.</i>
I’m going to take your blood pressure.	<i>Voy a tomar su presión.</i>
Can I take your pulse?	<i>¿Puedo tomar su pulso?</i>
Are you currently breastfeeding?	<i>¿Esta dando pecho ahora?</i>
Is it possible that you are pregnant?	<i>¿Es posible que esté embarazada?</i>
What are your symptoms? / Why are you here today?	<i>¿Cuáles son sus síntomas? /¿Porque esta aqui hoy?</i>
What do you have?	<i>¿Que tiene?</i>

# Triage: More on Vitals

From the chart on the previous page, you can see that blood pressure, pulse, temperature and weight (vitals) are all taken in triage. Because they are crucial and you will be repeating the steps multiple times, here is a chart with a little more detail on how best to ask community members for each one:

English	Spanish	English	Spanish
Blood pressure	<i>La presión arterial</i>	Weight	<i>El peso</i>
I am going to take your blood pressure.	<i>Voy a tomarle la presión.</i>	I need to weigh you.	<i>Necesito tomarle su peso.</i>

Sickness	<i>enfermedad</i>	Cough	<i>Tos</i>
Infection	<i>La infección</i>	Fever	<i>Fiebre /Calentura</i>

# Closing Words

Once community members are done at the brigade, be sure to kindly dismiss them with something such as the following:

Thank you for coming today!  
*Gracias por venir hoy!*

A simple phrase such as this goes a long way and reminds our community members how important they are to the success of medical brigades.

Finally:

Felicidades! Congratulations. You have reached the end of the Spanish Packet for the Medical portion of Medical/Dental Brigades. We hope you found the guide useful and look forward to seeing you in country soon.

Nos vemos en su brigada!
